My dear Mr Madhava Rao

M_573

I enclose a copy of a letter which I have received from Brigadier Russell which contains, I think, an excellent suggestion. It will be very useful if senior officials of the Mysore Government do attend demonstrations, watch exercises and see selected units. I should be grateful if you would advise me of those whom you would like to be invited, if you approve of the idea. A fairly large number of names of officials of various departments will be necessary. I suggest also that non-officials such as leading members of the Bar, National War Front, members of the Medical profession and leading business men should also be invited. I am giving the military authorities a similar list of such people living in the Civil and Military Station.

I meant to mention this letter when I last saw you in Mysore but it escaped my memory.

2nd October 1943.

The Secretary to the Hon'ble the Resident in Mysore.

Subject:- Relations between Civil and Military.

The Army Commander particularly desires that the civil population in any particular locality, and especially influential Indians, should be invited and encouraged to watch exercises and demonstrations, more particularly those which are carried out with live ammunition.

Apart from seeing exercises and demonstrations, I would like to arrange visits to the more important Units in my Sub-Area, where the visitors will be able to see Troops undergoing their normal training and will give an insight of the day to day living conditions of men in the Army.

2. I feel that invitations should be carefully distributed, so as to ensure that as far as possible, a representative section of the public is included. Visitors for example should include Government Officials representatives of the professional and business classes and other religious Communities. It is verydesirable to ensure that invitations continuously break new ground and do not merely invite those who have previously been invited.

3. I would be grateful if you would suggest to me the names of suitable people who should be asked. On receipt of these names, I will arrange for appropriate visits to either exercises, demonstrations or selected Unit Lines.

Sd A.G. Russell

Would you kindly also suggest names of suitable individuals in the C & M Station.
